👤 PROFILE

I am a qualified Frontend Engineer with a. 2.5 years of experience in React, Redux, Javascript, and Web Design with strong analytical skills. I am a team player with an extraordinary eye for detail.

📁 EMPLOYMENT HISTORY

Frontend Engineer at Dremio, Bengaluru

September 2022 — January 2023

- Had been part of their core frontend team where I was handling all the UI tasks from P1 to P3 priorities.
- I took the responsibility to update Dremio's previous design system with the new one.
- I closely worked with the UX team to design new components for the Dremio UI library which is used throughout the UI team.
- Have engineered various features and made sure they are production ready on time with utmost quality.
- Re-designed their entire table ecosystem throughout the product to make it more user friendly.
- Have been part of major frontend feature or update decisions for various teams, be it from UI cosmetic issues to fixing the bugs raised by QA and the product team.

Senior Frontend Engineer at Esper, Bengaluru

July 2020 — August 2022

- Worked on tasks ranging from P0 to P3 priority.
- I was the only person developing and maintaining their corporate website until they moved to webflow.
- Led the frontend part of the Blueprints team at Esper and was responsible for the feature entirely right from the architecture to its completion.
- Engineered high-priority features like Esper Settings App which lets the customer control what settings should be accessible to the admin and the user.
- Engineered Esper's new customer onboarding flow to make it user-friendly.
- Mentored 2 interns successfully and helped them finish 2 projects.
- Besides the frontend work had the opportunity to work with the automation framework team where I had to write integration test cases.
- Have been part of major frontend feature or update decisions.

Software Engineering Intern at Bluejeans Networks, Bengaluru

January 2020 — July 2023

- I worked mainly on implementing the designs for the internal dashboard of the company which had details of each and every meeting going around the world.

🎓 EDUCATION

Bachelors in Information technology, Indian Institute of Information Technology Allahabad, Allahabad

July 2016 — July 2020

Graduated with a CGPA of 8.38.

11th, 12th, Satvik Junior College, Hyderabad

June 2014 — June 2016

Graduated with 97.3%.
